

When the Messiah Comes

Avraham Rosenblum–Vocals & Lead Guitar, Gershon Veroba–Vocals, Piano, Guitars; Gal Gershovsky–Drums; Tony Montalbo–Bass

When the Messiah comes
on that day the lord will be one
When the Messiah comes
on that day the lord will be one

And His name will be one
And His name will be one
And His name will be one when the Messiah comes.

I look into the sky and see infinity, every blade of grass has divinity
It's coming alive from the Bible, it's coming alive from the Bible

When the Messiah comes.
We will beat our swords into plowshares
When the Messiah comes
We will beat our swords into plowshares

And we will study war no more
And we will study war no more
And we will study war no more when the Messiah comes.

I look into the sky and see infinity, every blade of grass has divinity
It's coming alive from the Bible, it's coming alive from the Bible

When the Messiah comes
